EXPERIENCE

Frontend Developer Intern

Dec 2023 – Feb 2024

As an intern at Axios Softworks, I gained valuable hands-on experience in frontend web development. I collaborated with the team to build responsive web applications using React and other modern frameworks. This internship allowed me to apply my skills in a professional setting and expand my knowledge of industry best practices.

Frontend Developer

Feb 2024 – May 2024

Following my internship, I was hired as a Frontend Developer at Axios Softworks, where I spent 3 months honing my skills. In this role, I implemented complex UI features using React and JavaScript. I also contributed to improving code quality, documentation, and development workflows. This experience solidified my abilities as a frontend specialist.
